

June 2011

Dear Incoming First Graders and Parents,

While your exciting year in Kindergarten is just ending we wanted to let you know how much we are looking forward to working with you and your First Grader next year.

We want to take this opportunity to welcome you and to encourage you to spend a little time reinforcing the skills learned this year. It is so important to read to your child every day. Enjoy stories together and even encourage them to retell the story to you, or predict the ending before you finish reading. These activities are wonderful ways to enjoy literature and expand their initial reading skills.

Math can also be reviewed with simple counting, looking for patterns, and matching shapes. Dot to dot activities and family games are a great way to practice number sequence.

The primary objective is to have fun as you practice and review keeping the necessary skills sharp.

We hope you and your family have a wonderful summer filled with rest and happy times together. Be safe and maybe we will see you in Church during the summer.

Sincerely,

Mrs. Eileen Molino

Mrs. Pat Senia
